Issue 4

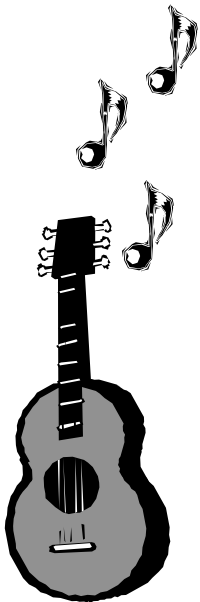

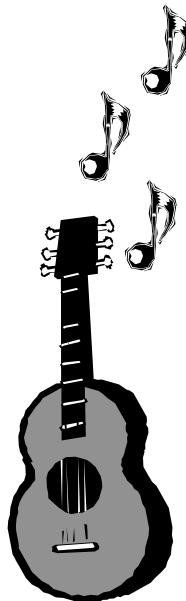

Here at Novi Most we like to have Fun! Here are some fun activities you can do... And maybe even learn something while you do them!

Sometimes it is difficult to understand people who are different from us, but at Klub and Centar Novi Most we like to hang out with all different kinds of people because we believe that everyone is special in their own way. **Complete the sudoku puzzle so that each shape is in the right box. Make sure that every line of 6 and every big rectangle has only one of each shape in it. (this one is quite hard so you might want to get an adult to help you out!)**

Spot the Difference

Music is one of the most popular activities at Klub Novi Most and many of the klub members love to learn the guitar with Novi Most Worker, Budo! **Can you find the 5 differences between the two photographs?**

Food, Glorious Food!

We all like to eat nice food, but do you know what people in Bosnia Herzegovina like to eat? **Can you find the 10 foods in the wordsearch below?** (If you don't know what some of the foods are, maybe you can try and find out after you finish the wordsearch!)
